HDD WD 8TB SATA3 256MB WD8003FRYZ Gold

Šifra: 73701

Kategorija proizvoda: Hard diskovi

Proizvođač: WD (HGST)

Cena: 27.914 rsd.

Model

Brand

WD

Series

Gold

Model

WD8003FRYZ

Packaging

Bare Drive

Performance

Interface

SATA 6.0Gb/s

Capacity

8TB

RPM

7200 RPM

Cache

256MB

Features

Features

High workload rating

Delivering dependable performance to any storage environment, WD Gold hard drives are designed with a workload rating up to 550TB per year, among the highest of any 3.5-inch hard drive.

Enterprise-class storage to rely on

With up to 2.5 million hours MTBF, WD Gold hard drives deliver reliability and durability, are built for yearly operation (24x7x365) within the most demanding storage environments.

HelioSeal Technology

Featured in over 15 million Western Digital hard drives shipped, HelioSeal technology allows for higher capacities and less turbulence on large storage arrays. And now on its 4th generation design, HelioSeal technology is field-tested and proven to deliver high capacity, reliability, and power efficiency you can trust.

Vibration protection

Enhanced RAFF technology uses sophisticated electronics to monitor the drive and correct linear and rotational vibrations in real time for improved performance versus WD's desktop drives in high-vibration environments.

RAID-specific, time-limited error recovery (TLER)

Reduces drive fallout caused by the extended hard drive error-recovery processes common to desktop drives.

Dynamic fly height technology

Each read-write head's fly height is adjusted in real time to ensure consistent performance for reduced errors and optimized reliability.
